The top scores are so close with the positions juggling throughout the season. It always seems so unfair when a gold is won by 1/100 of a second or there is a penalty shoot-out the competitors are really so equal! Anyway Alice pipped Emily and Jack by a whisker well done all of them.

Croeso was the final sting in the tail with some very challenging terrain and results that did not enhance galoppen scores in all cases!

The final galoppen table includes 45 events ranging from informal Saturday events to elite selection races. Sarum members with 8 or more runs appear in the final result list.

Yet again youngsters and vets feature most frequently, the 21-35s obviously having flown the Sarum nest, and as usual it was a very active and interesting season to follow.

WELL DONE ALICE!!
